BELIEVE IN LINEN

BED LINEN

NOTTINGHILL

Pre-washed bed linen in 100% linen

The softness of pre-washed bed linen in brown and yellow ochre autumn shades, highlighted with fine red accent stripes, combined with the insulating qualities of pure linen, guarantee a warm winter's night.

The duvet covers are reversible: 1 side striped, the other side a solid brown. They can be combined with pillowcases which are also plain on one side and striped on the other. Top sheets, fitted sheets and the American pillowcases come in solid brown.

MANON

Pre-washed printed bed linen in a romantic style, 100% linen

Manon was designed as a follow-up to the successful FLORIANE collection, an extension of our collection of romantic bed linens. The design features a stylized rose in Celadon, Rose and Spice on a Bone-colored background.

The duvet covers are reversible: printed with the flower motif on one side, solid Celadon on the reverse. All pillowcases have a flounced edge and are available in both the printed Rose version and in solid Celadon. Top sheets and fitted sheets are in Celadon.

The Manon bed linen collection also includes a laundry sac and a decorative cushion cover in printed fabric. So the whole romantic bedroom can be dressed up in Manon.

RIGGS

Pre-washed bed linen in 100% linen

Riggs is denim-blue bed linen combined with a bold yellow stripe, Straw Stripe. This young, sleeker style is ideal in a modern bedroom. The pre-washed look in combination with the strong Navy Blue make this collection unique.

The complete range is available in Navy Blue. Only the pillowcases, finished with flounce, are also available in the Straw Stripe.

TABLE LINEN

FRASCATI

Two-tone table linen in 100% linen

Frascati is a complete collection of table linen in 100% linen: tablecloths, table runners and napkins.

White has been added to the range in anticipation of the festive season. The subtle reflection of light on the linen fabric makes Frascati White the ideal table linen for a beautifully decorated table.

The other 8 colors in the collection are unchanged.

FLANDERS

The opulence of Flemish flax is shown in a collection of table linen that's right for every table. Flanders is only available in the natural flax shade (Flax), finished with a broad mitred hem. To emphasize the opulent, luxurious character of this table linen, we offer it packed in a luxury box. The range contains tables clothes, napkins, table runners and table sets.

STOWE

Checked table linen in 100% linen

This country check woven in red, green and beige shades radiates the warmth and cheer of Christmas and conjures up the memory of celebrating with the whole family around a more casually decorated table.

The range contains tables clothes, napkins, table runners and table sets.

MANON

Printed table linen in 100% linen

The Manon design on an appropriate fabric brings the right atmosphere to the living room on table runners and napkins. When mother and daughter or grandma and granddaughter also wear the matching aprons, nothing can spoil the atmosphere.

KILA SIKU - FLAX ABC

Since autumn 2008 we have been working with Kila Siku, a ‘special’ partner of Libeco Home. This is a non-profit organization established in 2004 in Goma (Democratic Republic of the Congo), that enables women to make quality products and to sell them in Europe. All the profits of the sales are invested back into the project. The artisan domestic linen collection is hand-stitched, using Libeco-Lagae linen fabric. ‘Kila Siku’ means ‘every day’ in Swahili. The name was chosen by the women who make the products. The work they do provides these women – who were abandoned or abused – with an income, which gives them hope for a better life for themselves and their children. We are extremely proud to be involved in this project to, in a small way, make the world a better place.

The new products of Kila Siku that we have included in our collection are:

- napkin with “Christmas” embroidered in red or white;
- napkin with Christmas stockings embroidered in red or white;
- napkin with a child playing in the snow embroidered in red or white.

In addition we are again offering items from last year’s collection:

- napkins embroidered with large and small snowflakes in red or white;
- napkins embroidered with little Christmas trees in red or white.

In the same spirit, we round out this range of hand-embroidered napkins with the well-known ABC range. Every pack of 6 napkins contains two embroidered with ‘A’, two with ‘B’ and two with ‘C’.

The flax fabric used in these napkins matches perfectly with the Flanders collection.

NIGHTWEAR

With Charlie and Henry we look back to our successful nightwear collections of the past (Lily, Lala, Hamilton, etc).

CHARLIE

Ladies' nightwear in 100% linen

We offer a full range of ladies' nightwear in an elegant Light Grey stripe. Made in a fine 100% linen fabric, the excellent cut ensures elegance through the evening and a comfortable night's sleep.

A bathrobe, a night shirt, pajama top and trousers, shorts, nightdress and top can be combined to reflect your personal preference. All items in this collection are available separately, so that different sizes can also be combined.

The bathrobe has a tie belt at the waist and has deep pockets on both sides. The nightshirt has long sleeves, a button at the neck, a tie belt for a slightly waisted effect and side splits. The trousers have straight legs and an elasticated waist. Both the mid-length nightdress and the top have adjustable shoulder straps and an elasticated back.

Henry is the men's nightwear collection. This contains pajama bottoms, a jacket and shorts. Again, all items can be bought separately in sizes from Size S to XXL in Grey Stripe.
