## AUTUMN / WINTER COLLECTION 2024

PRESS RELEASE JULY 2024 - For immediate release

Note from our designer

### IN THE AFTERLIGHT

Vintage bowling shoes, mist-covered hills, NYC in the afterlight & old leather-bound tools... These are a few of the things that inspired July 2024. Photos of these things are hanging on the wall behind my desk, amongst fabric swatches, bits of yarn and quotes that inspire me.

The photos convey a specific warm, moody feeling.

A feeling that takes you somewhere far away, in space and time.

Now that the collection is complete and the photos & products are in front of me, it's come full circle and I think, yes, it's warm and a little bit moody. In the meantime, I'm on to the next collection, but I'm dreaming of showing 'In the Afterlight' in Paris, High Point and NY. I'm waiting with great anticipation to hear the feedback – hoping you all will love it too.

Until summer...

Amy

Finished with a multi-coloured, woven linen loop. As linen can absorb twice its weight in water, these are the ideal towels for drying dishes.
