

PRESS RELEASE MILANO UNICA & PREMIÈRE VISION

JAN. & FEB. 2026

For immediate release

At Milano Unica and Première Vision 2026 Libeco welcomes you to experience the authenticity, pureness and minimalistic characteristics of linen and hemp. Libeco puts the spotlights on below selection of qualities:

1. Stock supported qualities:

- **L741 sanfor airo:** one of Libeco's most successful basics for shirting, dresses ...

The color range of this 100% linen piece dyed stock supported quality is updated for SS'27 and is available in more than 40 timeless and fashionable colours.

- **L761 sanfor airo:** New in Libeco's stock collection. This 100% solid dyed textured linen is versatile and suitable for jackets, suiting, dresses, accessories, shoes ...

- **P481 changeant sanfor airo:** New in Libeco's stock collection. A multi-purpose textured yarn dyed 100% linen fabric.

The fabric features a refined two-tone yarn, woven in a dobby texture to create an elegant and sophisticated appearance, suitable for jackets, pants ...

- **Q443 Stonewash:** a stonewashed linen-wool blend for suits, jackets, dresses, bottoms ... Its elegant drape, pleasant hand feel and distinctive appearance are highly appreciated. Motivated by the lasting success and timeless appeal of this quality, Libeco expanded its colour palette.

- **V051 changeant Sanfor Airo:** a braid textured linen fabric for jackets, suits ... Combining a naturally coloured linen warp with a yarn-dyed linen weft highlights linen's authentic character while maintaining a refined, formal aesthetic.

- **5757 Brushed:** Libeco's 100% basic for heavy shirts, jackets, dresses, trousers, etc ... has been slightly brushed to soften its surface. This process creates a smoother, slightly fuzzy texture, making it feel warmer and more comfortable against the skin.

2. Qualities available for production upon order:

- **Q598 laundered:** a piece dyed light weight linen-wool blend. Because linen and wool absorb dye differently, the result is a refined, two-tone effect that feels both subtle and luxurious.

- **Checks & Stripes Essentials:** a range of easy matching checks and stripes introduced in divers colours for shirting. Further colours can be developed according the customer's requirements.

Personalized colours, structures and finishes can be created as custom development.

SEE THE NEXT PAGE FOR A MIX AND MATCH OF LIBECO'S NOVELTIES.

Libeco's team will be happy introducing you to its collection at their stand:

Milano Unica – Shirt Avenue - Hall 20 - A08

Première Vision – Hall 6 - 6J47

Libeco is the largest flax weaving mill in Belgium and is ranked among the top linen manufacturers in Europe. The family business is located in Meulebeke and was established in 1858. Under the Libeco Fabrics brand name, it produces fabrics for industrial applications such as upholstery, curtains and apparel as well as technical textiles. In addition to local and sustainable production, superior quality is at the core of Libeco's mission. The title of Purveyor to the Royal Household was attained in 2006 and in 2014 the weaving mill was awarded the carbon neutral label.
